

# FOOD: The Main Course to GI Health

## Nutritional Management of GI Disease Practicum

### MISSION

This 5-day innovative and specialized program will provide knowledge and training for RD/RDNs and other health professionals with an interest in caring for patients with gastrointestinal diseases.

This practicum, offered by expert faculty and dietitians from the University of Michigan and other institutions, will include:

- **Lectures** and panel discussions (IBS, IBD, Celiac and non-celiac wheat intolerance, EOE, gastroparesis, food sensitivities/allergies, small intestinal bacterial overgrowth, gut microbiome)
- 2 day **clinical shadowing** of expert RDs, MDs
- **Observation** of related medical procedures
- Low FODMAP **dinner** at a local restaurant

- Dates:** August 20-24, 2016
- Location:** University of Michigan
- Fees:** \$500 (low cost possible due to \$1000 scholarships generously donated by Nestle)  
(Some meals included, excludes travel and accommodations)
- CPEUs:** 34 total, offered through the Commission on Dietetic Registration
